

Weatherproof Electrical Enclosure — 2D Dimensioned Drawing

Overall: 12" x 12" x 12" | Wire pass-through holes: Ø1.25" | Units: inches

CALLOUTS / FEATURES

- 1) Enclosure outer size: 12.00 x 12.00 x 12.00.
- 2) Wall thickness (assumed for concept): 0.125.
- 3) Wire holes: Ø1.25.
 - Back face (2): centered at y=6.00; z=4.20 and 7.80.
 - Left face (1): centered at x=4.20; z=6.00.
- 4) Internal device mounts (reference): two 4.00 x 4.00 plates on inside back wall, stacked vertically (centered y=6.00).
- 5) Venting (placeholder geometry): 6 slots on right face, each 0.25 x 2.00, centered at z=1.25.
